Dear Sir,

I apologize for the delay in responding to your device relocation request and for the lack of proactive communication from our side.¹

Regarding your query, and as discussed, the Device Relocation Charge is **₹1500/- + tax**.

Kindly confirm your approval to proceed with the relocation at this charge so we can arrange the necessary support immediately.

Thanks & Regards

Hello Team,

I have been following up for the past 10–15 days regarding the device relocation request, but unfortunately, I have not received any response or callback from your side.

As discussed earlier, you mentioned that you would check whether this falls under AMC and share the details. However, I am still awaiting an update.

It has become difficult as I need to repeatedly follow up for every ongoing or past request, and there has been no proactive communication from your end.

Kindly look into this matter on priority and provide the necessary support at the earliest.

Thanks in advance.
